

## Killmurrays to Resume Veterans' Church Services Sept. 19

The Veterans Church, a ministry serving military veterans, will resume services Sept. 19, at 2 p.m. at Acts Ministry, 4166 W. Kearney, Springfield, Missouri. Services were interrupted last year with the home-going of founding pastor, Bruce Pearson. It takes a pastor with a special understanding of the spiritual and personal issues veterans face. When services resume, the new pastors will be Kevin and Donna Killmurray. The Pastors Killmurray will work as a team with Kevin leading services and Donna ministering as song leader. Both have strong military backgrounds and a love for vets and their country. They look forward to interacting with veterans through the Veterans' Church ministry.

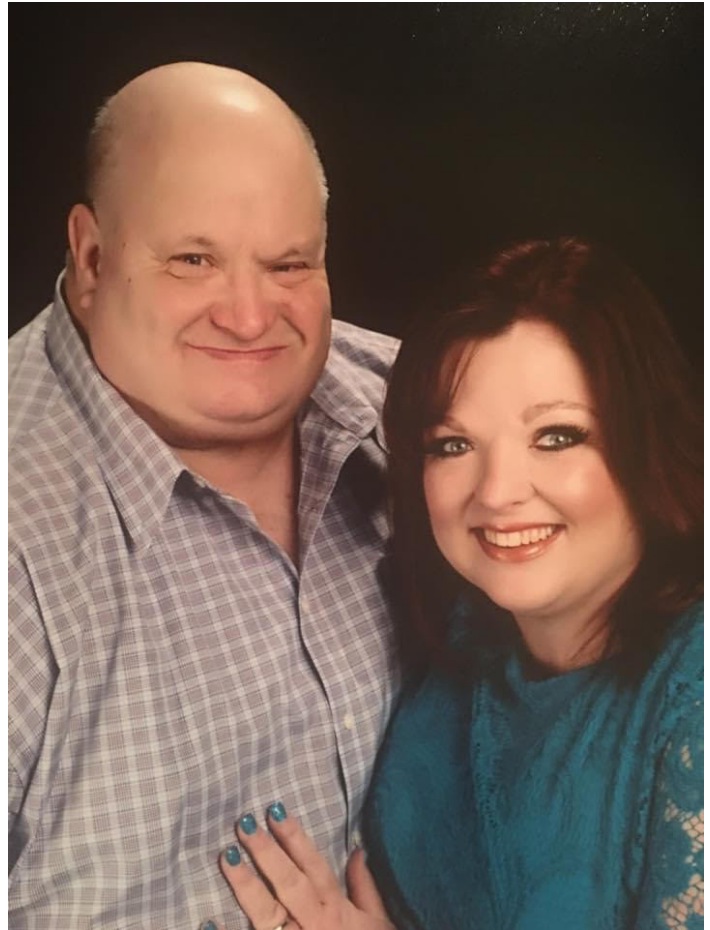

Kevin is an Army vet, having served in the early 1980s as a Corrections Specialist at the United States Disciplinary Barracks in Ft. Leavenworth, Kansas. His father, Thomas Killmurray, served in the Pacific Theater during World War II. Kevin's sons, Thomas and Kevin, Jr., are also veterans. Thomas served in the Navy; Kevin, Jr., served five years in the Army.

Donna, who is a full-time registered nurse and an award-winning singer/songwriter, also comes from a military background. Her father, Ken Urbassik, served for ten years as a communications specialist and a 24-hour readiness task force member. Her grandfather, Joe Urbassik, served in WWII. Donna will share her gifts in southern and country gospel, praise and worship music, and classic hymns of the church.

At the start, there will be one service a month on the third Sunday at 2 p.m. Currently, Kevin and Donna live a five-hour drive away in south-central Oklahoma, but are praying about moving to the Springfield/Branson, Missouri area and expanding the ministry in the near future.

They are looking forward to having contact with the vets and sharing Gods word.

If you have any questions, comments, concerns or have a favorite song you want Donna to sing, they can be reached at [Veterans-Church@actsmediagroup.com](mailto:Veterans-Church@actsmediagroup.com).

## From a Little Faith to Joy in the Lord

By Donna Moller, Licensed Counselor

Biblical counseling is a process whereby biblical beliefs, attitudes and practices of the counselee and counselor are used to support the counselee through a caring relationship. It is meant to correct dysfunctional beliefs, attitudes and behaviors that drive negative emotions. The goal is to transform by the renewing of the counselee’s mind these negative beliefs, fears, and attitudes through His Word (Rom. 12:2, II Cor. 10:4-5). This is done as the Holy Spirit directs. And sometimes He seems to work at a snail’s pace —at least to me.

All biblical counseling is best directed at developing and strengthening the counselee’s relationship with the Lord. Simply put, the extent to which a person can trust in the Lord’s love and guidance is the extent the counselee will be able to allow the Word of God to transform him or her by the power of the Holy Spirit.

Therefore, we need to assist the counselee to develop this relationship with the Lord. The quantita-

## AMG to Present New Series on Autism

Act Media Group is scheduling a new series on autism, “Painting Outside the Lines.” The series is an updated look at autism and a step forward from a 2015 series called “Growing out of Autism.”

POL will be a series of 30-minute shows and will address current procedures, services, medications, alternatives and other social interactive issues.

It will start by looking into current education and socialization conditions and state and federal participation. This will entail education to 18 years of age and over 18 years of age. Consistent with education is living conditions and employment opportunities. In simple terms, what is being done for those adults over 18 years of age and for those under 18 years of age who will be facing the same challenges as those over 18 years of age.

The show is slated to include guests, documented information, and firsthand knowledge about many of the concerns families have about their members affected by autism. POL will be flexible on times for the issues and for questions presented during the shows. Stay connected for the first show.

tive evaluation is: do you and the counselee see the fruit of the Spirit developing consistently within them?

This truth of strengthening a counselee’s relationship with the Lord is so important. I have a counselee named Jo Ann. When she first began seeing me two years ago, she believed she had no relationship with the Lord. She was suffering with PTSD. Trauma riddled her whole life. She did not come to me because I was a biblical counselor. She had heard I maybe could help her. She was ready to give up on her marriage and flee. She was raised thinking she knew about God but had been badly abused by her Christian parents. She knew God at the very least judged her. She wanted nothing to do with her parent’s God. I started by listening to her doubts, fears, confusions. As our time went by, she began to feel His love, know His forgiveness, even His sense of humor. In our last session, she joyfully said she can now freely pray. She is no longer mad

## Biden Following in Chamberlain's Footsteps?

By Dr. James Wining

Who would compare the British Prime Minister Neville Chamberlain from 1937-1940 with USA President Joseph Biden of 2021? For that matter, history today is rarely studied in schools, not recounted as previously reported and generally discredited or disrespected for every imaginable social cause. This being said for anyone reading, history does repeat and does provide a valuable play book for everyone from the entire spectrum.

Hitler and his Nazi extremists seized power when readily available economic answers were either not available or were simply not possible. Further, they had someone to blame like the Jewish people, the Freemasons and Christians. This worked for Hitler to a point, however, what he most needed was more land, labor and resources, which were limited in Germany. Expansion met the spread of his Third Reich, and subordination of more people to his "globalism plan."

Do you think the Taliban, with its religious ideas, will be satisfied with just Afghanistan? Do you think they could blame their conditions on western interference, religion, or the long-standing occupation of their country as reasons to continue the fight? Certainly, their global plan is a world of only Islam—or is it a global [lan of peaceful co-existence?

at Him. She enjoys talking to Him. She is a new person! Transformed by His love. She is happy in her marriage now, too. Such joy in her. I take no credit for this. It was the Lord and Jo Ann working slowly, deepening the truth of His love inside her.

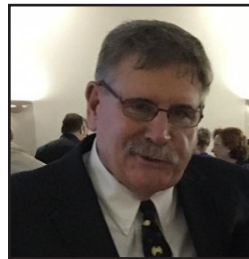

This brings great joy to me as well. Patience is a fruit of the Spirit. Something that is deeply needed as one embarks on the road to helping one grow in the trust of the Lord. He is good, so good, all the time!

Last word here: Mary, in last month's article, had a turn for the worse. In the Lord's grace and power, she had no alcohol relapse. I was able to share more of my faith in Jesus with her as well. If you

Well, British Prime Minister Chamberlain tried the Munich Agreement in 1938, giving away the Sudetenland to Nazi Germany much like we gave up Afghanistan. His hope was very simple. "Peace in our time." The answer from Nazi Germany came nearly one year later. Nazi Germany invaded Poland and started World War II. Prime Minister Chamberlain resigned in May of 1940 and died on Nov. 9, 1940.

Let us all come together with knowledge, faith, and unity in mind. The events in Afghanistan are a wake up call far greater than any of our special-interest domestic policies. As I say to churches and Christians around the world, let us come together in one accord, "unity. in Christ, through the Holy Spirit" *Now!*

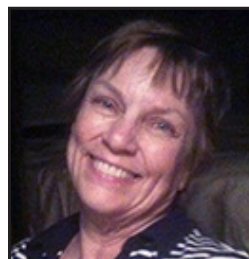

Thanks and God bless,
